Description

- Special Order Units
- Reading Truck Bodies MM120 Crane Body
- Master Mechanic(tm) Series Service Bodies provide the heavy-duty performance you need to tackle the most difficult and demanding jobs. Choose from the 100-Series standard nine-foot body design with a 60-inch cab-to-axle length or the 200-Series 11-foot body with an 84-inch cab-to-axle length. We're also able to provide custom sizes upon request. These Master Mechanic service bodies offer standard, infinitely adjustable shelving, flush mount doors, integrated tie-downs in the bed and slam-action tailgates.
- Additional features include compression style handles, external lighting and Redi-Safe non-skid applications to keep workers and materials safe on the job.
